Adopted as the official publication of the Asian Pacific Association for the Study of the Liver and the Asian Pacific Association of Gastroenterology and an affiliated publication of the Association for the Study of the Liver, Bangladesh, Gastroenterological Society of Australia, the Hong Kong Society of Gastroenterology and the Thailand Gastroenterology Association. The *Journal of Gastroenterology and Hepatology* is covered by *ADONIS, BIOSIS Database, CAB Abstracts, CancerLIT, Chemical Abstracts Service, CHID/National Digestive Diseases Information Clearinghouse, Current Contents/Clinical Medicine, Current Contents/Life Sciences, Current Science (Current Opinion in Gastroenterology), Elsevier BIOBASE/Current Awareness in Biological Sciences, EMBASE/Excerpta Medica, Falk Foundation e.V.: Hepatology Rapid Literature Review, Index Medicus, InfoMed, Inpharma Weekly, International Nursing Index, Janssen Library Gastroenterology, Journals@Ovid, Medical Documentation Service, MEDLINE, Reactions Weekly, Research Alert, Science Citation Index, SciSearch, UnCover, University Microfilms and World Digestology Network.*

Aims and Scope *Journal of Gastroenterology and Hepatology* publishes peer-reviewed original papers, reviews and editorials concerned with clinical practice and research in the fields of hepatology, gastroenterology and endoscopy. Papers cover the medical, radiological, pathological, biochemical, physiological and historical aspects of the subject areas under the headings 'Liver and Biliary', 'Alimentary Tract and Pancreas', 'Special Reports', 'Editorial Comments', 'Brief Communications' and 'Case Reports'. The Journal also deals with the basic sciences and experimental work. Case reports will be accepted only if they deal with a clinical problem that has been studied in detail and is potentially of wide interest. All submitted papers are reviewed by at least two referees expert in the field of the submitted paper. An initial decision will normally be made within 8 weeks of receipt of a manuscript.
